email marketing

flexible**cost**effectiveeasy

Our all-in-one email marketing software includes everything you need to create, send, track and profit from email marketing - but it doesn't stop there. It also includes powerful statistics, tools to completely automate your follow up marketing and customer feedback facilities too:

- Unlimited auto responders
- Full campaign statistics
- Completely browser based
- No list size limits
- Use your own mail server or ours
- Automated bounced email processing
- Anti spamming safeguard

In minutes you can create an effective, personalised email by contacting our highly experienced, creative team and then access statistics to measure its success!

Bubble offer 2 options for your email marketing campaign software depending on your level of experience and budget.

Are you comfortable with html and would like the flexibility to create your own campaigns?

Then it's package 1.

Want a fully managed service where Bubble create, send and manage your account?

Then it's package 2.

See opposite for packages and pricing:
